Century Tube corporation is a dedicated manufacturer of the finest quality structural and ornamental polished stainless steel tubing for a broad diverse industries as grab har marine, trucking sucd sat vice, security transportation, hospital equipment recre ation and construction ation and construction
We pride ourselves on providing quality tube at a competitive price to our valued customers with on-time service.
Century Tube Corporation was founded in 1987 in Middlesex, New Jersey. In 1992 the company relocated to its current 35,000 square foot facility in Somerville New Jersey and currently has seven TIG welding mills. All tube produced is Tig welded, insuring a quality weld with minimal internal weld bead. All Round and Square polishing is done in house with finishes to customer needs and specifications. Welding to specific multiple lengths eliminates the expense of unnecessary scrap to the customer. Cutting to customers final length eliminates an operation and cost to our customers.
Century maintains a rotating production schedule which allows quick response to customer situations and deliver-
